

Do You Have Health Care Bills That You Cannot Afford to Pay? Help is Available.

Information on Mass General Brigham Financial Assistance and Uninsured Patient Discount Policy is available in other languages. Please visit our website, call us, or visit a patient financial counselor at your hospital or health center for translated information.

Massachusetts and New Hampshire Insurance Programs

There are state programs that may cover some or all of the costs of your care. Our financial counselors will work with you to see if you qualify for a state program that meets your needs. We can help patients who live in Massachusetts sign up for MassHealth or Health Safety Net. We can help patients who live in New Hampshire sign up for New Hampshire Medicaid. We can also assist with the Massachusetts Health Connector or the NH Insurance Marketplace.

Financial Assistance Options

- Patients with no insurance will receive a discount on most balances for medically necessary services. Patients with insurance may also receive the discount on medically necessary services not covered by their insurance. Discounts vary by facility and program. Details are available on our website. <https://www.massgeneralbrigham.org/en/patient-care/patient-visitor-information/financial-assistance>
- Interest free monthly payment plans are available, log into your MyChart account or call (617) 726-3884 for details.
- Discounts of 60% or more **may** be available for medically necessary care for patients whose income is less than 300% of the Federal Poverty Guideline (\$40,770 for an individual, \$83,250 for a family of four). Higher income patients may qualify for a discount if their medical bills are over 40% of their annual income. The FPG noted above is for Fiscal Year 2022. Please view current year or additional family sizes of FPG level at the following link: [Poverty Guidelines | ASPE \(hhs.gov\)](#).
