Cooley Dickinson Hospital: Insurance Plans Accepted

Updated October 2026

Important information about insurance accepted:

- **Always check with your own health insurance provider** before getting care to make sure you understand your covered benefits and costs.
- Your insurer determines the level of coverage you have. Insurances may have different levels of costs depending on where you receive care. Even if you see your insurance plan listed, please be aware that coverage, benefits, and costs may vary.
- The insurance plans listed are accepted by the hospital and the physicians who work for that hospital. There are also physicians who are affiliated with but do not work for the hospital. These doctors may accept different insurances than our hospitals.
- Additional referrals or authorizations may be required. Some services may not be covered by your insurance coverage at every location and for every service.
- Many health insurance plans may use other companies to cover certain services such as behavioral health or transplant related services. Please contact your health insurance plan or employer for your specific questions.
- If your health insurance plan or product is not listed below, please contact your insurance plan to find out for sure what coverage may be available to you.
